**About the Artist:**

**Madeleine Doherty** trained as a celtic harpist/singer in Ireland and studied classical music and concert harp on scholarship here in the United States. As a solo artist, she has toured Europe, the United States and the Caribbean, and has recorded for radio and television in Ireland, France, Germany, Belgium and the U.S. She is a freelance concert harpist and singer, who plays both celtic and concert harp.

Madeleine writes music and also collaborates with other musicians, recording both in Ireland and abroad. Her specialty is harp improvisations. Projects she has worked on include film scores for India's most exciting, groundbreaking composer, A.R. Rahman (Oscar winner for the music for *Slumdog Millionaire*). She has also worked with Jimmy McCarthy, whose songwriting hits include *Mystic Lipstick*, *Ride On*, *No Frontiers*, and *The Contender*.

Madeleine is also the founder of *Harps for Healing*, a program which trains and provides volunteer harpists and harpists/singers to play in clinical settings to facilitate the healing and wellbeing of the sick and their caregivers in Dublin, Ireland. It is the first program of its kind in Ireland. Madeleine travels with her music to raise awareness of *Harps for Healing* and raise much-needed funds for the program and its initiatives.

**Your most generous donation for this performance will further the important work of *Harps for Healing!***
